What is Bulk SMS?

Definition and typical users

Bulk SMS refers to the **sending of large volumes** of SMS messages simultaneously to a targeted audience, primarily utilized by businesses, marketing teams, and customer service departments.

Benefits of Bulk SMS

High engagement and efficiency rates

Bulk SMS services offer unmatched effectiveness, boasting a **98% open rate** within 3 minutes, making it a preferred choice, with **75% of consumers** favoring SMS for alerts and promotions.

How Bulk SMS Works

Understanding the SMS transmission process

Bulk SMS involves creating messages, scheduling their dispatch, using an SMS gateway for delivery, and providing confirmation and reporting to ensure successful message transmission to recipients.

Core Features

PERSONALIZATION OPTIONS

Tailor messages for individual customer preferences seamlessly.

SCHEDULING AUTOMATION

Plan and send messages at optimal times effortlessly.

DELIVERY REPORTS

Track message success rates and recipient engagement easily.

The image displays a user interface for a marketing platform. At the top, there's a navigation bar with 'Message', 'Campaigns', and 'Profile'. Below this, the main heading reads 'User-honit Protus Marketing Platform'. A prominent blue button with a white asterisk icon is visible on the right. The central area features a dashboard with several widgets: a 'Data Overview' table, an 'Analytics' chart, and a 'Collection' list. The 'Data Overview' table contains the following data:

Category	Value	Percentage
Desicif	504 2223 218	57.6 %
Soties	504 5315 248	50.8 %
Sod Accocinge	504 2943 248	32.9 %
Resomanne	504 214 927	145.2 %
Mays anyun pntices	504 104 2517	366.4 %
Toune Deyt	504 90 2019	182.3 %

Below the dashboard, there are six feature cards, each with an icon and a brief description:

- Mass Message liss**: Batont alnk your cundv and that file charks work to anttull mesges.
- MSS Message**: End prowil hite l'for unite curflet in desskers.
- Scheduling**: Londte anodsitions with tichng you groung an ardr paalds.
- GMS Presery**: Aacund your corpandine; madistly your your process.
- Your Prout Hosing**: Pulling the frome. lienster chch your prouurs.
- Analytics**: Add out veipem of our uute thur charculs chent grocey.
